CATALOGUE BY ED. FROSSARD.

FIFTY-THIRD AUCTION SALE.

TO PHILATELISTS.

THE large and remarkably fine Collection of Postage Stamps, of Foreign and U. S. entire Envelopes, and of Post Cards described in the following pages is the property of EDMUND SHORTHOUSE, Esq., of Birmingham, England, a gentleman whose name stands in the front rank of the large and ever increasing army of Philatelists.

Mr. Shorthouse was born to Philatelic light, as he quaintly expresses it, about 1876. The greater part of his choice specimens of the earlier issues were obtained from the late E. L. Pemberton, whose splendid stock has probably never been equalled in any country. There are, in fact, so many rare and valuable Stamps in the collection, that a special preparatory enumeration of rarities might be deemed almost superfluous; indeed, the collector need but glance at the alphabetical classification to perceive with how many philatelic gems this catalogue is laden! Contrary to custom, all duplicates of the collection are included in the catalogue, thus enabling the younger element among Stamp collectors to compete successfully with their seniors in obtaining stamps, otherwise perhaps unattainable to them.

It is by no means to be inferred that Mr. Shorthouse will relinquish collecting. Like many others, his past experience leads him to restrict or limit the scope of his collection, and while disposing of the stamps of certain countries he has become more eager to complete the series of his selected fields, England and her Australian Colonies, all of which are here lacking because reserved by him.

It may interest some to know that this superb collection came very near going down in the steamer *Oregon*. It was invoiced and shipped to leave by this Cunard steamer, March 6th; fortunately the local Express Company was a little late in forwarding the box from Birmingham, and it did not reach Liverpool to be placed on board the ill-fated steamer, but was consigned, at a later hour of the same day, to the *Arizona* of the Guion Line.

The placing of this collection on the American market, at a time when so many fine collections are passing under the auctioneer's hammer, must be regarded as an expression of confidence in the appreciation of American collectors for things in themselves particularly meritorious. It is sincerely hoped that this catalogue, of which an extra large edition is printed, may reach a large number of buyers, who cannot fail to secure valuable acquisitions to their albums, because the sale is absolutely without any reserve whatsoever, and the only support it can receive is that to be given by the competition of actual buyers, when the collection is sold. Unless otherwise stated, every Stamp, Envelope, or Post Card is guaranteed genuine.

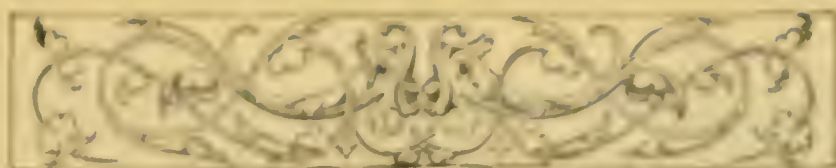

Stamps, like books, coins, etc., are sold at so much per piece, not per lot, and buyers must prepare their order sheets in conformity with this rule.

I will faithfully execute all orders of buyers on this sale for a commission of ten per cent. on amounts up to \$25.00, and of five per cent. on amounts in excess of that sum. Orders can also be sent through the auctioneers, and Coin and Stamp dealers in general.

NEW YORK, May, 1886.

ED. FROSSARD.

P. S.—I am greatly indebted to my friends, Messrs. R. and A. Wuesthoff, both well-known Philatelic experts, for important assistance rendered in the classification of the collection and the compilation of this catalogue.
